

To Loving members of TFBC

Hallelujah! I am grateful to God that we are able to give our first Sunday worship of 2019 to him with you all. I am thankful that I am alive today, I am thankful that he has given me a calling, I am thankful that I have people that I can love, I am thankful that God has given me this church to serve and I am thankful that I am able to do ministry here.

This year's theme is Transforming Church and it is about discipleship. We need to be disciples of Jesus and not just church members. That needs to be our goal. People like changes. As a matter of fact, even if things are good, if you are doing it repeatedly, you get tired of them. Even if you are close to one another but if you spend too much time together, you get bored.

Even in the marriage, you sometimes get tired of each other. There are times the periods of fatigue in the relationship comes to the married couples. So people want changes and want new things. It is same with good things and bad things. People general want things changed.

However, we must not forget something in our nature. As we desire changes and new things, when changes actually take place, we are fearful of changes with discomfort. And we start missing the past. Missing the times in Egypt as slaves. So slowly, we refuse the changes and start to resist.

However, being a Christian means revolutionary change more than anything. Dying with Christ and resurrecting with Christ, that experience is the salvation. We are the Christians who experience the earth shaking and life changing experience.

So, we must grow this amazing transformation. Salvation is being born again. If a new born does not grow, what would happen? If the new born becomes stubborn, and wanting to just food and ends up being self centered. It is an issue if a new born do not grow.

Bible tells us to grow till we become more like Christ. It is so. We have clear goal of how much we need to grow. Isn't it exciting to see sinners like us to change and becoming more and more like Christ even thought we are not perfect?

Transformation and growth are not burdens but our life long joy that we must strive for. Upcoming Sundays, we will share about money, material, fame, relationship, sex, values, languages, talents, plan and time with the topic of "Rewriting Discipleship" which is very sensitive but yet needful topics to our lives.

As a matter of fact, one of the things that God has put in my heart as a burden was regarding money and materialism. For the last year, we gave the most offering to God since I started serving here in 2011 and we were able to support many missions and ministries. It was because God has blessed our hands, our families and our finances.

However, God said He wants to bless us even more. Especially regarding tithing, we gave me a burden to preach on this. And God also gave me a burden to start "All church member tithing campaign" It is not just tithing of money but also your time, talents and plans of life, you must give to God.

God knows what brings us joy and happiness in our lives. Let us grow in Christ. It is my prayer that our church will rejoice in our transformation and growth.

I love you and thank you. I bless you in the name of the Lord.
